Among the many novelties introduced by us this season,

THE PATENT FLUTTERING FLY

has proved to be one of the most useful to anglers. Though at first sight it seems to vary but little from the old style of fly, the radical change made in tying renders it, by its fluttering motion in the water, very attractive to trout and black-bass. Tied in this manner, the fish must take the hook in attempting to take the fly, and the percentage of hooked fish lost has been found by actual experience to be wonderfully reduced.

If your dealer does not keep our goods in stock or will not order them for you, send us 50 cents for our 130 page folio illustrated catalogue.

THE FLUTTERING FLY.
Patented May 4th, 1886.

18 Vesey Street, (4th door from the Astor House,) New York.

A Rare Book for Sportsmen.

Hunting Trips of a Ranchman. Sketches of Sport in the Northern Cattle Plains, together with Personal Experiences of Life on a Cattle Ranch. By Theodore Roosevelt, author of "The Naval War of 1812." Popular edition. With thirty-five illustrations engraved on wood, from designs made for this work, by Frost, Gifford, Beard, and Sandham. Octavo, cloth, $3.50.

". . . He must be a hopeless reader who does not rise from this book with a new and vivid sense of the 'fascination of the vastness, loneliness, and monotony of the prairies,' and of 'the sad and everlasting unrest of the wilderness' of the Big Horn Mountains, in addition to pleasant familiarity with their flora and fauna. . . . As already said, the charm about this ranchman as author is that he is every inch a gentleman-sportsman. Again, he is a careful observer of the characters and individualities of animals, and he is a pleasant and graphic describer of them."—*London Spectator.*

"One of those distinctively American books which ought to be welcomed as contributing distinctly to raise the literary prestige of the country all over the world."—*N. Y. Tribune.*

"Mr. Roosevelt has given a peculiar charm to his book from his intense love of nature and his capacity to communicate to others his own impressions. A great debt is due him for having preserved in such a charming manner one of the most important chapters in the long history of the conquest of the American Wilderness."—*Atlantic Monthly.*

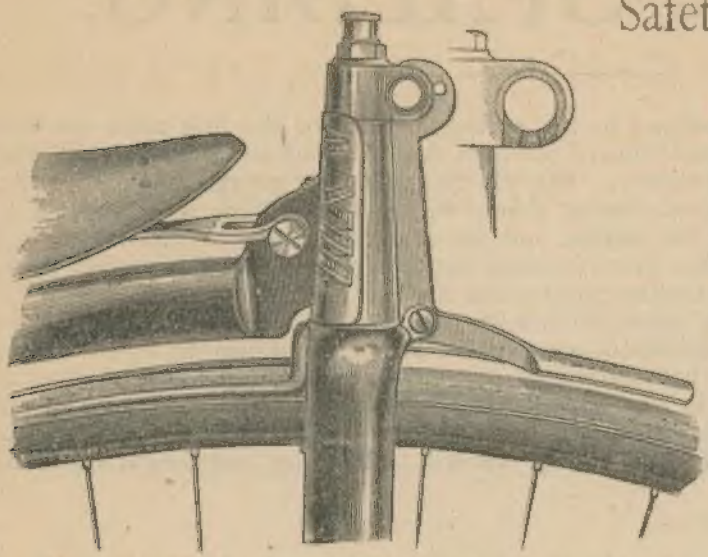
THE Very Latest, Most Original, and Scientific Wheels, are the American Pilot, Roadster, Light Roadster, Safety, and Tricycle.



Side view of Pilot Steering, with handle-bar detached, and a section view of the handle-bar lug in the back ground. The rim and spokes shown are as used in the Light Roadster. Other parts are the same as used in all American Pilot Bicycles.

The numerous patents granted to the undersigned are embraced in these machines, and a careful investigation of their merits will convince the practical rider that a higher degree of perfection in design, finish, and details of construction, is found in this line of wheels than in any other. We also offer the

American Express Bicycle

as positively the only complete wheel sold at a moderate price. It has all essential features of other English Roadsters, including Ball Pedals, Cradle Spring, Andrews' Head, Detachable Cow-Horn Handle-Bar, etc.

Price, 50 inch, $100.

Illustrated Catalogue mailed on request.

"Columbia Hose."

THEY'RE NOT ENGLISH, YOU KNOW,

but GOETZE'S are the BEST BICYCLING HOSE, made from Scotch worsted yarns in every color.

The attention of the trade is respectfully called to our "Club Hose," a standard and reliable article, which we make to order to match any shade of cloth. Our "Columbia Hose" for 1886 is a new article of improved pattern. The specialties are that the rib is extended down the front of the foot, giving a neat appearance when a low shoe is worn. Also our patent flat seam at the back, which will not rip, and seamless heel. This stocking will compare most favorably, and has been judged by riders of experience to be superior to the best English makes. A liberal discount is made to the trade, and correspondence is invited.

BEST LOTION FOR ATHLETES,

CRICKET AND BALL PLAYERS.

POND'S EXTRACT CO. NEW YORK, May 10, 1884.

Dear Sirs: Since the first of the present athletic season I have used POND'S EXTRACT as a rubbing material, and find it to be the best article of the kind I have ever used. It removes stiffness and soreness of the muscles like magic, and in my opinion is destined to be the Liniment for athletic purposes in the future.

Yours truly,
L. E. MYERS, Manhattan Athletic Club.
[*Champion Sprint Runner of the World.*]

POND'S EXTRACT CO. NEW YORK, May 1, 1884.

Gentlemen: I have been using POND'S EXTRACT for the past few months and find it to be the best Liniment I have ever used for rubbing purposes, soreness, strains, cuts, etc., and can recommend it to all athletes.

Yours truly,
HARRY FREDRICKS,
Manhattan Athletic Club.

AROUND THE WORLD

BY A

WATERBURY WATCH.

THOMAS STEVENS, the special correspondent of OUTING, who is going around the world on a bicycle, times his movements by a Waterbury Watch.

EVERY READER OF OUTING SHOULD HAVE ONE.

THE APOLLO BICYCLE

FOR 1886

HAS DOUBLE BALL BEARINGS TO FRONT WHEEL.

This feature is questioned until tried, but is proved beyond a doubt to be the best bearing ever invented. THE APOLLO with this bearing will out-coast any machine on the road. TO TRY IT IS TO BE CONVINCED.

Ball-bearing Head, which remains rigid without tightening up or coming loose on long runs.

Detachable Handle Bars, of simple and neat design.

True Tangent Spokes crossing four times and tied at two points of contact

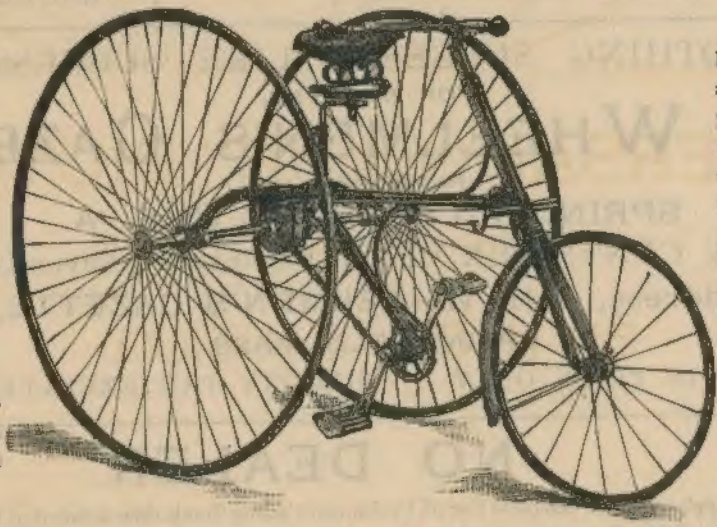
THIS IS THE LEADING WHEEL FOR 1886.

Ridden by John S. Prince, L. D. Munger, and a host of other notable racing men and road riders.

SINGER'S STRAIGHT STEERER.

A TRICYCLE
OF
Unequaled
Merit.
LIGHT,
RIGID,
STRONG,
AND
Free from Vibration.

A great Hill-Climber and Unsurpassed Coaster.



E. P. Burnham, having purchased a machine of this pattern, writes us that it is the fastest tricycle he ever mounted; that he climed Corey's Hill on it on first trial, the machine being geared up to 52. This is the highest geared tricycle that ever reached the summit of this famous hill.
